## Volunteer Requirements

- Competitive Program -

The volunteer fee is \$120 per player for U8-U19 competitive program families .

U8-U19 families are required to serve 6 volunteer hours per registered competitive player.

Volunteer fees will be paid during the first month, along with the first installment of club dues.

The volunteer fee will be refunded to the payee once the club required volunteer hours are fulfilled and verified by the Club volunteer coordinator.

When volunteering, make sure to sign in and stay for the entire shift. No-shows will not count towards required volunteer hours.

Team manager position: Those who volunteer as team manager for the entire year will receive full credit for all registered players. If teams choose to split the team manager position (co-managers), each parent will receive half credit for required volunteer hours (max 2 managers). Manager position hours must be turned in AFTER the fall season has ended.

When you have completed your volunteer hours, fill out the Volunteer Requirement Form found in the BYGA Parent Resource Library.

You will receive confirmation of your volunteer hours from the volunteer coordinator after your hours have been verified.

If you have an open balance owed to the club, your volunteer fee refund will be credited to your BYGA account.

If your BYGA account is paid in full, a refund will be credited to the card on file or issued via [bill.com](https://www.bill.com) on our behalf. Bill.com will send you an email giving you the option for direct deposit. If you prefer a check, ignore the email to enter your information and they will mail out a check to you within 7 to 10 business days.

All requests for refunds for the 2025/26 season must be submitted by May 31st, 2026 to receive a refund.
